

The main objectives of COTA include:

- Promote transportation development in China by providing technologies and expertise through its members;
- Strengthen the links between transportation professionals and students overseas and their counterparts in China;
- Promote networking among Chinese overseas transportation professionals and students;
- Disseminate information on transportation developments and major Events in China to COTA members and partners overseas.

COTA —Chinese Overseas Transportation Association , former North America Chinese Overseas Transportation Association (NACOTA), was established in January 1996.

COTA is a registered non-profit professional organization with its members who work or study in the transportation or related fields oversea and who are interested in the transportation development in China.

[Visit cota-home.org for member registration](http://cota-home.org)

Now COTA has approximately 500 members and friends in North America and other parts of the world.

CHINESE OVERSEAS TRANSPORTATION ASSOCIATION

2010 Events

Jointly Organized by Chinese Overseas Transportation Association (COTA) and Washington, D.C. Chinese Transportation Association (WCTA), COTA/WCTA Annual Technical Symposium is held in Washington D.C. every year before the TRB Annual Meeting. The 13th COTA/WCTA Annual Technical Symposium on “Sustainable Transportation Development in China” was successfully held on January 10th, 2010. More than 100 Chinese transportation professionals attended this event, including people from top research institutes, universities and consulting firms in both China and US.

Jointly Organized by Chinese Overseas Transportation Association (COTA) and universities in China, International Conference of Chinese Transportation Professionals (ICCTP) is the most influential annual transportation conference in China involving professionals from all over the world. The 10th annual conference was held at Beijing University of Technology from August 4th to 8th, 2010. It focuses on the current situation of the development of China transportation, discusses the issues encountered while building up the intelligent transportation in urban areas and exchanges international experiences in this field.

2009 Events:

- The 9th ICCTP, Harbin, China, August 5-8, 2009
- Call for Papers: Traffic Safety and Driving Behavior Studies (Special Issue of The Open Transportation Journal)

2008 Events:

- 11th Annual COTA/WCTA Technical Symposium
- Final Candidate List of COTA Board Member Election, 2008
- 8th International Conference of Chinese Transportation and Logistic Professionals, Chengdu, China, July 31-August 3
- 44th International Planning Congress, Dalian China, 19-23 September, 2008
