

North American Chinese Overseas Transportation Association

Exhibitor Information

ICCTP invite transportation consulting companies to exhibit at the 5th International Conference of Chinese Transportation Professionals (ICCTP-2005) to be held in Xi'an, Shanxi, China, June 25-26, 2005.

The conference has become one of the major events of the Chinese transportation industry, with participants from the Ministry of Communications, Ministry of Railways, highway design and research institutions, major airline companies, consulting firms, and major transportation universities of mainland China, Taiwan, and Hong Kong. There will also be participants from many other countries such as the U.S., Canada, Greece, Germany, Japan, and Singapore. Exhibitors will have good exposure to many Chinese officials and decision-makers in the transportation sector.

We offer space to exhibitors and sponsors of the conference to exhibit their products or services. Exhibition space will consist of a 3m (wide) x 2m (high) "poster board area" and two tables. The fee for a standard space is US\$500. With an extra of \$500 the exhibitors may have a "sponsor exhibitor space". They will have their space at a dominant area and their companies will be acknowledged in the general opening session of the conference.

Please register by completing the registration form and return the form to the conference organizer by May 15, 2005.

ICCTP 2005

International Conference on Chinese Transportation
Changan Univeristy, Xi'an, China
June 25 - 26, 2005
